## GREER™

---

*Greer is a modern and modest, full-function patient recliner built with quality and value in mind. The small-scale design works perfectly for today's spaces that call for a reduced footprint, while still providing comfort for all body shapes and sizes.*

## FEATURES

---

- Independent footrest and back operation
- Infinite back locks in one-degree increments to full sleeping position
- Built-in headrest
- Individual or central locking, standard non-marking grey casters for hard or soft surfaces
- Arm caps available in finished wood, polyurethane or solid surface
- Trendelenburg models available
- Optional moisture barrier on seat or seat and back
- Additional options including push bar, utility hook, bump guard, fold-down tray and pull-out footrest
