▶ See the *Surface Materials* chapter for a complete overview of the Interwoven materials program, including:

- Characteristics of wood
- Customer-specified laminate (CSL)
- Solid surface program
- Alliance fabric program
- In-line fabric program
- Customer's own material (COM)
- TB133 process

Interwoven has analyzed each model to most accurately reflect the COM yardage requirements shown on the pricing pages. The yardage requirement for each model is based on 54"W fabric and cutting the fabric up the roll.

For COM widths other than 54", increase the yardage requirement by the factors below:

<i>Fabric width</i>	<i>Increase yardage</i>
50"–53"	15%
48"–49"	30%
45"–47"	45%

If repeat is larger than 18", contact Customer Service to confirm the correct amount of yardage required.

When ordering 10 or more chairs in the same COM, yardage requirements may be reduced.
